

# WORD BY HEART

truth by story.

Dear friends and family,

Karen and I are excited to be continuing our ministry work in Youth With a Mission (YWAM). Our next assignment will be in **Fortaleza, Brazil** from July - October of 2015 and we covet your prayers and support. For short overview of what we'll be doing:

<https://vimeo.com/117754332>

We will be helping pioneer the first 3 month English/Portuguese **Word By Heart School** where each student will learn 90 minutes of the Gospel of Luke by memory. At the end of the three months, each student will present their gospel to a live audience.

The gospels provide eyewitness accounts. In the **Word By Heart School**, we teach people to memorize, then tell the stories as they really happened. Because they did.

Most people don't think they can memorize a gospel but these cutting edge memory techniques make it not only possible, but easy. Also, students learn the Gospel in their own native language like Mandarin, Hindi, Portuguese, Arabic, English, French, Russian, German and others.

As the **Word By Heart School** multiplies around the world, it equips trainers who engage audiences with the Scripture. It brings the words of Jesus to life while bridging cultures and languages. This energizes and equips the Church to be a channel for the Gospel and inspires revelation. Where the Bible goes, healing follows.

BJ and Karen served in Kona, Hawaii this past year in the **Word By Heart School**. Karen staffed by leading worship and hospitality while BJ attended the first school and staffed the second. In January, Karen returned to Arkansas to close up the house, giving many things away and putting a few things in storage.

## BRAZIL TOUR

*BJ continues to share his powerful one man play on the life of John Wesley (performed over 445 times in many denominations, states, and countries) wherever the Lord opens the door.*
